Hi Kristine,

Please find attached our comments and suggestions on the three AOs. These documents include the changes that you incorporated and sent our way on Tuesday. Please let me know if you have any questions or would like to discuss our edits.

**Subject:** Coordination with Headquarters – Santa Cruz River and arroyo AOs

Andrew,

As discussed yesterday, EPA Region 6 is preparing enforcement actions for violations of Section 301 of the CWA for the unauthorized discharge of dredged and fill material into the Santa Cruz River and an unnamed arroyo in New Mexico. Please find attached the 3 draft administrative orders and the jurisdictional determination report. The photos associated with the jurisdictional determination report will be sent in a separate email due to the size of the files.

Please let me know if you have any questions or would like additional information. Thank you for

your time and assistance in this matter.

Kristine
